

Flammability General Certificate of Conformity

It is hereby that the capacitors specified below meets the Standard for Flammability of Plastic Materials (UL 94, classification V-0)

Products covered by this certificate:

Surface Mount Tantalum MnO₂ Capacitors

Grade: Industrial, COTS, Military, Automotive and Space

Series: T409, T419, T428, T429, T489, T490, T491, T492, T493, T494, T495, T496, T497, T498, T499, T500, T502, T510, T513 and TSM

Surface Mount Polymer Capacitors (KO-CAP)

Grade: Industrial, COTS and Automotive.

Series: T520, T521, T522, T523, T525, T528, T530, T540, T541, T543, T591, T598, TSP

Surface Mount Aluminum Polymer Capacitors (AO-CAP)

Grade: Industrial

Series: A700, A720
