

**Compliance with REACH regulations – Article 33**  
 (UK manufactured products)

**April 2009**

**REACH Declaration**

In accordance with the REACH Regulations Article 33 and SVHC on the Candidates list, we can advise that Dioctyl Phthalate, (DEHP) has been used in the manufacture of PVC Tubing, Caps and Leads and Hexabromocyclododecane (HBCDD) in End-discs in some of our products above 0.1% w/w

We are aware of the minimal risk and are endeavouring to complete our exhaustive testing programme prior to the progressive introduction of SVHC – free articles in our product ranges. In all other respects our capacitors are compliant with REACH regulations.
